Guanxi Chen
Department of Electrical Engineering and Computer Science
Northwestern University
Evanston Campus

Dear Guanxi,

Congratulations! I am happy to inform you that you have been awarded a Terminal Year Fellowship for 1 quarter during the 2014-2015 academic year. Funding will be provided from the Martin endowment. The fellowship consists of a contribution of \$1,916/month toward your stipend and will cover TGS 500 tuition registration (\$3,903/quarter).

Given that this is a terminal year fellowship, we expect you to graduate no later than June 2015. As such, the fellowship can only be used for Fall 2014, Winter 2015 or Spring 2015, but not beyond.

Later this year we will ask you to write a paragraph about your research which the Office of Alumni Relations and Development will forward to the donor of the endowed fellowship so that the donor is aware of how their funds were spent.

We wish you success with your dissertation research.

Sincerely,

A handwritten signature in black ink that reads "Ajit C. Tamhane".

Ajit C. Tamhane
Senior Associate Dean
